Holman Industries is an Australian owned Company. Bookleaf Pty Ltd as Trustee for the Eden Unit Trust A.C.N. 009 036 202 A.B.N. 29 385 212 665

## THE COMPANY

Holman Industries was founded on January 4, 1966. It is still a family business and proudly Australian owned. The company is a leading supplier of plumbing fittings and watering products to the Australian market.

Holman employs over 200 staff in Australia. Head office is in Perth, Western Australia. Large distribution warehouses are located in Melbourne and Brisbane and a plumbing only warehouse is situated in Sydney. The company currently exports watering products to many countries including the USA & Europe.

Holman is dedicated to continually investing in new tooling and more product development and innovation. Holman believes in putting its customers first and offering superior service with a high level of stock support. The aim is to be your best supplier.

## QUALITY

All Holman products are certified by ApprovalMark International, an Australian based Certification Body accredited by JAS-ANZ, who provides certification to all Holman plumbing products in accordance with WaterMark Certification. This provides assurance and confidence that Holman Industries only supplies products which comply to the Australian Standards and are manufactured to the highest quality. FABFIT T/A Holman Industries is a quality endorsed Company to ISO 9001 and also conducts independent batch release testing to maintain the highest level of compliance.

## CUSTOM FABRICATIONS

The FABFIT and Holman Industries manufacturing facility has the capacity to manufacture special fittings and assemblies in all areas of HDPE (PE100), PP and PVC.

## CERTIFICATIONS

Holman has stringent quality control programmes implemented at their manufacturing sites to ensure the quality of products supplied to our customers in the Civil Industry. Independent third party certification is undertaken by Approval Mark International JAS-ANZ Accredited.

Large range of molded and fabricated fittings certification with AS1260.

- WSAA Appraisal
- BEP Certification
- Watermark License
- Certified (Partec) & Trained Fabricators

Catalogue details shows a range of DWV SN8 & SN10 rubber ring products which are manufactured/fabricated by FABFIT, T/A Holman Industries, for sewerage non-pressure applications. Range of unglassed and glassed reinforced DWV fittings complying with AS1260 and appraisal complying with WSAA (Water Services Association of Australia).
